EDUCATION & COURSEWORK

University of Texas at Dallas

Bachelor of Science in Computer Science

Richardson, TX

Graduated in 2021

EXPERIENCE

Full Stack Developer

January 2023 – Present

Eligibility Consultants

Richardson, TX

- Led the development and maintenance of robust web applications, driving a 20% increase in user engagement through strategic front-end and back-end enhancements.
- Collaborated closely with cross-functional teams to translate requirements into precise technical specifications using Figma, ensuring alignment with project goals.
- Championed responsive user interfaces using HTML, CSS, and advanced JavaScript frameworks such as React and Material-UI, delivering seamless user experiences across devices.
- Designed and optimized databases, applying expert SQL skills to ensure data integrity and accelerate query performance.
- Engineered and maintained a robust server-side architecture, ensuring exceptional reliability and scalability.
- Incorporated APIs and services, enriching functionality and elevating user satisfaction.
- Drove code quality through meticulous code reviews, providing constructive feedback and upholding coding best practices on GitHub.

Full Stack Engineer

December 2019 – January 2023

GuideIT

Plano, TX

- Architected and executed enhancements to the front-end and user interface, resulting in a 20% boost in user engagement. Employed a technology stack including HTML, jQuery, React, Redux, C#, and JavaScript.
- Developed dynamic web applications using razor pages and MVC view components within the .NET Core framework, contributing to optimal user interactions.
- Streamlined data manipulation processes by implementing comprehensive CRUD operations for APIs, web services, and internal software development.
- Utilized AJAX calls and REST APIs to enable secure, asynchronous data exchange for client information.
- Contributed proactively to Agile methodologies and employed Jira for effective project management in an incremental development environment.

iOS Specialist

February 2018 – January 2019

Experimac

McKinney, TX

- Demonstrated a 95% customer satisfaction rate by adeptly executing troubleshooting procedures on iOS devices and Mac OS Computers on a scheduled repair basis.

Desktop Support Analyst

January 2017 – December 2017

The Computer Guys of Dallas

Dallas, TX

- Expertly repaired hardware for cell phones, laptops, desktops, and gaming console devices. Accomplishments included screen replacement, soldering, and system rebuilding.

SOFTWARE PROJECTS

Suleman's Website in React | *React, Redux, React-Bootstrap, react-three, react-spring, Visual Studio Code, MUI*

- Rebuilt my website with the latest UI/UX technologies and libraries

Buying Bot | *Python, Twilio, Selenium, webdriver-manager, bs4*

- Launched a bot that will assist in purchasing items from online vendors automatically

Suleman's Website | *HTML, Bootstrap, Responsive, CSS, Jquery, JavaScript, Visual Studio Code, Git*

- Achieved creating a website that will showcase all of my projects
